Sticky Header for Magento 2
User Guide

Table of Contents

1. Sticky Header Configuration

Once you are finished with installing the extension it is time to proceed to your Magento 2 backend to finalize the Sticky Header setup.

Before start using the extension we suggest running through the Sticky Header extension settings and other options available to adjust the settings. This will help in better understanding of how the extension functions and what can you expect your sticky header to look and feel like.

1.1. Accessing the Extension Main Settings

To access the configuration settings for this extension, please go to **Stores > Configuration > Ulmod Extensions > Sticky Header.**

1.2. General and Main Sticky

General
