## 1. Scroll To Top Configuration

Once you are finished with installing the extension it is time to proceed to your Magento 2 backend to finalize the Scroll To Top setup.

Before start using the extension, we suggest running through the Scroll To Top extension settings and other options available to adjust the settings. This will help in better understanding of how the extension functions and what can you expect your Scroll To Top look and feel like.

## 1.1. Accessing the Extension Main Settings

The screenshot shows the Ulmod extension settings page. On the left is a dark sidebar with a vertical menu. The 'Stores' section is highlighted in the sidebar. The main content area is titled 'Stores' and contains a 'Settings' tab. A callout box points to the 'Configuration' option in the sidebar, indicating the path to the extension settings.

**Sidebar Menu:**

- DASHBOARD
- SALES
- PRODUCTS
- CUSTOMERS
- MARKETING
- CONTENT
- REPORTS
- STORES**
- SYSTEM
- FIND PARTNERS & EXTENSIONS

**Stores Section:**

- Settings
- All Stores
- Configuration
- Terms and Conditions
- Order Status
- Taxes
- Tax Rules
- Tax Zones and Rates
- Currency
- Currency Rates
- Currency Symbols

**Attributes Section:**

- Attributes
- Product
- Attribute Set
- Rating

**Callout Box:**

To access the configuration settings for this extension, please go to **Stores > Configuration > Ulmod Extensions > Scroll To Top.**

**Main Content Area:**

Search, Bell, admin

Reload Data

disabled. To enable the chart, click [here](#).

Tax	Shipping	Quantity
\$0.00	\$0.00	0

	Quantity
	4
messenger Bag	4
oulder Tote	2
Fitness IV	1
Weather Tank-L-Gray	1

## 1.2. General and Pages

### General

Is Enabled [store view] Yes ▼

**Enable** – Set 'Yes' to enable the extension in storefront, or 'No' to disable.

### Pages

Hide On Home Page [store view] Yes ▼

Hide On CMS Pages [store view] Yes ▼

Hide On Category [store view] Yes ▼

Hide On Product Page [store view] Yes ▼

Hide On Additional Page [store view] Yes ▼

Additional Page(s) [store view]  
<http://mysite/blog/>  
<http://mysite/faqs/>

Choose the page(s) to show or hide the scroll to top.

Please add the links of the pages to enable the social share buttons. One link per line. Example :  
<http://mysite/blog/>  
<http://mysite/faqs/>  
<http://mysite/documents/>

## 1.3. Design

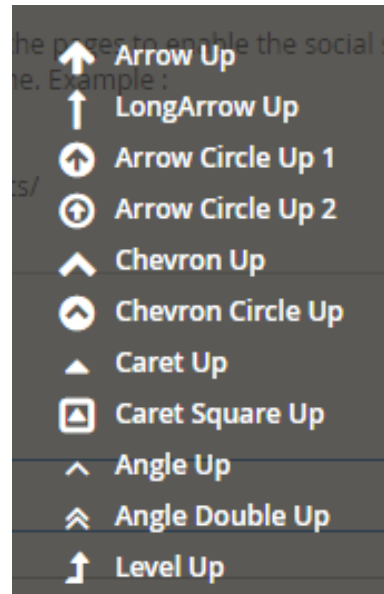

Choose to display **Scroll To Top** in form of Arrow (up to 11 arrows styles), Text or Image.

Set the **Scroll To Top** label and position (right or left)

### Design

Type [store view]	<input type="text" value="Text"/>	▼
Text [store view]	<input type="text" value="UP"/>	
	Scroll to top text. eg : Up, Back, Return, Scroll Up	
Position [store view]	<input type="text" value="Right"/>	▼
	Select position	

## 1.3.1 Preview Arrows Types

## 2. Front-End View

The screenshot displays a web application interface with a top navigation bar, a main content area, and a detailed product view at the bottom. The main content area features a 'Jackets' section with a list of products: Orion Two-Tone Fitted Jacket, Taurus Elements Shell, Kenobi Trail Jacket, and Hyperion Elements Jacket. Each product has a rating, number of reviews, and price. A 'Push It Messenger Bag' is also featured with a large image, price (\$45.00), and an 'Add to Cart' button. Callouts highlight 'Scroll To Top' buttons in different positions and types:

- Scroll To Top with type "Arrow" on left position of the page:** A blue square button with a white upward arrow, located on the left side of the page.
- Scroll To Top with type "Text" on right position of the page:** A blue square button with the text 'Up', located on the right side of the page.
- Scroll To Top with type "Image" on right position of the page:** A grey square button with a white upward arrow, located on the right side of the page.

Other visible elements include a 'Shopping Options' sidebar with filters for STYLE, CLIMATE, COLOR, MATERIAL, and PRICE; a 'Hot Sellers' section; and a 'My Wish List' section.

### 3. Support

#### Need Help?
